

# TRAYS

## XT BASE TRAY

The XT Base tray is simply all the features of the Standard tray with no headboard. With no headboard, it is perfect for those permanently mounted canopies and allows an extra 100mm to be gained in the canopy or tray space behind.

### Key Features

- Zinc plated and powder coated steel chassis rails
- Aluminium construction
- Integrated WE tie down grid system
- Under tray tapered storage boxes
- Narva LED tail lights
- LED reverse flood lights
- Rear drawer storage
- Under tray water tank

## XT STANDARD TRAY

The XT Standard tray is by far the most popular tray that is built here at Wigley. Including all the features you need to get out bush exploring the country or the ultimate companion on the work site. Most suited to a customer wanting a canopy setup.

### Key Features

- Headboard with WE headboard mesh and spare wheel mounting
- Zinc plated and powder coated steel chassis rails
- Aluminium construction
- Integrated WE tie down grid system
- Under tray tapered storage boxes
- Narva LED tail lights
- LED reverse flood lights
- Rear drawer storage
- Under tray water tank

## XT PREMIUM TRAY

The XT Premium tray is our top of the line tray package. Maintaining all the features of the XT Standard tray plus full length double skinned drop down sides.

### Key Features

- Headboard with WE headboard mesh and spare wheel mounting
- Zinc plated and powder coated steel chassis rails
- Aluminium construction
- Integrated WE tie down grid system
- Under tray tapered storage boxes
- Narva LED tail lights
- LED reverse flood lights
- Rear drawer storage
- Under tray water tank
- Full length, double skinned drop down side
